

MicroEco™ – Looped End Mop

Go green... naturally, with our MicroEco Mop made of post-consumer PET plastic soda bottles and revolutionary Microfiber technology. The advantages of utilizing microfiber yarn are: minimized linting, high resistance to chemicals & disinfectants resulting superior mop.

Our New MicroEco Mop is just another step in helping preserve our natural resources as it prevents thousands of bottles from becoming landfill waste. Together, we can all commit in doing our part to protecting the environment.

This unique 4 ply yarn is manufactured from a combination of 2 strands of Microfiber yarn and 2 strands of Green PET synthetic fibers derived from plastic bottles.

- All mops are individually poly-bagged.
- Available in narrow band (4.3 cm/ 1.75 in) and wide band (12.6 cm/ 5 in)
- Suitable for Healthcare

MicroPad Cleaning System - Velcro Style

MicroPad Floor Cleaning Tool

- The light weight aluminum frame has a trapezoid shape for corners. The hook and loop attachment will hold all pads securely. End caps are non-marking. Interlocking collar allows for most types of handles.
- A 360° degree swivel head allows for easier movement of frame.
- Used with the following recommended handles: FH372EX-NT/ 135365 or SW8357/119967

Old Product Code	NEW Code	Product Description	Size	Pack	Application
CL7400-16	135348	16" MicroPad floor cleaning tool	41 cm / 16 in	1	
CL7400-18	131591	18" MicroPad floor cleaning tool	45 cm/ 18 in	1	

MicroPad – Wet

Due to a special twisted process the micro-wet pads keep their shape longer and prevent less linting in comparison to other types of pads.

MicroPad Wet pads are made with ultra fine micro fibers which remove more dirt and bacteria than old traditional methods.

New generation Velcro backing lasts longer, holds up better against repeated launderings and attaches more securely to our frame

MicroPad Wet pads are designed to withstand repeated washings and are sewn for superior strength with a polyester fringe.

- No internal sponge allows our MicroPad Wet pads to launder and dry better in commercial driers.
- MicroPad Wet pads last 25-35% longer than economy wetpads.
- Can be used with the SprayExpress System

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MF4018	131600	18" MicroPad wet pad – blue	45.7 cm/ 18 in	6	

MicroPad Dry

MicroPad Dry pads are made with 100% ultra fine microfibers. They are able to remove and hold more dirt and bacteria than old traditional methods

Using the micro dry pad gives you 40 times more floor surface coverage than traditional string mops.

- New generation Velcro backing lasts longer, holds up better against repeated launderings and attaches more securely to our frames
- Pile weight 720gr/m²
- **Can be used with the SprayExpress System**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
MF5018	131602	18" MicroPad Dry pad	45.7 cm/ 18 in	6	  

MicroPad Dry With Fringe

With the added looped fringe the micro-dry pad pick up and hold more dust and larger debris. Pads are made with ultra fine 100% ultra fine microfibers. Will remove and hold more dirt and bacteria than old traditional methods.

Using the micro-dry pad gives you 40 times more floor surface coverage than traditional string mops.

- MicroPad Dry with fringe pads are designed to withstand repeated washings and are sewn for superior strength with a polyester fringe.

NanoTech micro - kills bacteria

NanoTech micro is the solution for all operations and environments where maximum touch area hygiene and bacteria reduction is paramount. Highly recommended for all healthcare cleaning.

Not only does it wipe away bacteria, it even kills them in direct contact as nano particles of silver have been embedded in the Microfiber structure. Plus, it has all the appreciated Microfiber properties – high durability, one-step wiping, easy gliding and superior cleaning results.

Features

- Nanoparticles embedded in the true 100% Microfiber
- Streak free performance
- Pre-prepared and spray bottle method
- Colour coding options (BRYG)
- Tested up to 500 washing cycles
- Minimize chemical use

Benefits

- Antibacterial
Elimates up to 99.9% of bacteria
- One step cleaning – no drying cycle
- Variety of cleaning methods
- Reduced cross-contamination
- Long life span
- Reduced cost / eliminate odor

Breazy - The New Wave in Wiping

A semi-disposable cloth with microfiber cleaning performance, Breazy can be used on all surfaces including desktops, cupboards, chairs, counters, bars and all washroom surfaces. Breazy is a cloth for all situations and environments. If hygiene and disposability are your key criteria, its price allows you to use it for a day or so, then throw it away, but Breazy is also machine washable up to 15 times. That's why it's called a semi-disposable.

Outstanding dirt pick-up with unique wave-structure and Microfiber properties

MicroWindow Big

MicroWindow big is an extra large cloth with high absorbency because of its size and construction. It performs without leaving streaks and without linting through the patented endless microfibre technology. MicroWindow big is soft and supple for easy handling, but durable when it comes to washing.

Benefits

- **Productivity through long product lifetime**
Window cloth is strong and durable both in use and in washing. This pays off through low costs-in-use.
- **Professional appearance of the cleaning site**
A streakfree cleaning result on all delicate glass surfaces is the best business card you can give.
- **Productivity through large size**
It is nothing but a fact that a big cloth can absorb more and has a higher m² performance.
- 36 x 60 cm / 15 x 14 inches
- **Washable for up to 500 times**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
127373	127375	MicroWindow Big	36x60 cm/ 15x24 in	5	

MicroRoll and Dispenser

Lightweight true **100% Microfiber** wipe offering outstanding lint free cleaning performance with a greater than 99.93% removal of bacteria.

With MicroRoll there is no requirement for investment in laundering facilities and staff do not need to change their current cleaning practices. The result is improved cleaning results with no additional workload.

Independent tests carried out by Microsearch Laboratories in the UK have found the following levels of bacteria reduction after just one wipe:

- Machine washable up to 10 times
- **Ideal for outbreaks and isolation wards**

Clostridium Difficile:

Vegetative form – 99.93%* • Spore form – 99.94%*

- MRSA – 99.96%*

Microfiber Duo-duster Frame and Handmop

- Highest quality most effective dusting tool in the market
- The slim, flexible frame reaches into narrow spaces behind furniture, radiators and around pipes
- Incorporates an elbow joint for angled cleaning
- Fits the telescopic handle for high-level cleaning
- Sleeves can be changed by room or area to reduce risk of cross-contamination
- Dual-sided (microfiber/strands).
- Large dirt particles/hair are trapped in the strands while the microfiber side gives the best cleaning performance on smooth surfaces
- For quick cleaning of awkward shapes such as stair rails, bed frames etc
- **Microfiber sleeve washable up to 1000 times**

Old Product Code	NEW Code	Product Description	Size	Pack	Application
